Mexico City, August 31st, 2025, Latina Offshore Holding Limited (the "Company"), a subsidiary of Constructora y Perforadora Latina, S.A. de C.V. ("Latina"), reports the unaudited consolidated financial results as of June 30, 2025.

The Company, through its subsidiaries, owns two (2) Jack-ups (La Santa Maria and La Covadonga, jointly referred to as the "Jack-ups") and one (1) modular rig (Modular 01, referred to as the "Modular"). The Jack-ups and the Modular have been indirectly leased (as part of services) to Petróleos Mexicanos, S.A. de C.V. ("Pemex") on long-term drilling-wells (exploration, production and repairing) contracts through Latina. La Santa Maria commenced operations on February 15th, 2014, La Covadonga on May 28th, 2014, and the Modular on July 5th, 2016.

La Covadonga and La Santa Maria were drilling wells in the Gulf of Mexico during the quarter. The Modular is currently suspended.

- La Santa Maria has been supporting drilling operations on a field named Akal during the quarter;
- La Covadonga has been supporting drilling operations in a field named Koos during the quarter;
- The Modular was suspended starting December 24th, 2021. Latina continues seeking opportunities to generate revenues for the Modular equipment.

1. Contracts with Pemex

Latina signed amendment agreements on November 2022 with the conditions of extending the term of the contracts until December 31st, 2024.

Furtherly, Latina signed the following amendment agreements to extend the contract term:

- i) Santa Maria agreement was signed on January 2025 extending the contract term till Abril 12th, 2025, which has been furtherly extended till January 31st, 2026, and maintaining mainly the day rate adjustment which formula resulted in \$140.2 for the first half of 2025. On July 17th, 2025, Latina received a letter from Pemex requesting a temporary suspension on that date following their cost-reduction measures, and drilling activities are expected to resume mid-September, 2025 with a day rate that is in line with the contract formula for the second half on 2025. During the suspension period, the company realized activities related to the 5-year special periodic survey (SPS).
- ii) Covadonga agreement was signed on January 2025 extending the contract term till October 28th, 2025, with an adjusted day rate of \$129.2; Latina is confident that term could be further extended. Latina is in the process for a further extension that initially is expected till the end of the year.

2. Financing update

Latina and Pemex had a constructive dialogue that resulted in collections from Pemex of outstanding invoices through a receivables financing vehicle on the first quarter of this year. Furtherly, Pemex and Tax and Energy Ministries announced financial vehicles that will support outstanding payments to suppliers in the short term; Latina is waiting for its implementation that will result in a payment to the principal amount of the Bond.

During 2023, the Company completed the implementation of the refinancing of the 8.875% (LOL Bond) and the 10.00% (LOHL Bond) Secured Notes as agreed with the bondholders and those currently stand as follows:

LOL Bond

- Super Senior Bonds issuance by \$35,000 on March 28, 2023, in order to establish a maximum basket for a repurchase tender, with a 10% interest coupon and PIK interest by 0.25% of every million dollars issued applied to the free cash flow before principal payments, and five-year maturity.
